THE STORY OF JONAH

Every year we hear a dramatic reenactment of the story of the Prophet Jonah. It's an amusing tale on one level and simply unbelievable on the other. In the entire Book of Prophets, Jonah is the ONLY SUCCESSFUL PROPHET! He is the only prophet whose message is heard and the people correct their evil ways.

But there are subplots and hidden meanings in this story. Instead of reading this message from the Prophets, the afternoon Haftarah, during services, we will read the story and discuss it in our annual afternoon study session.
